Purpose of Visit: Dye trace, tech support

Individuals Contacted: Nick Crawford and Asso.,
Jim Webster, Greg Powell (EPA),
Geary Schindel (Eckenfelder)
Other DSF Personnel: None, Earl Hillis and James-Hugh
Barrengier (UST interns)

Weather Conditions: Sunny, Hot

Samples Taken: NO

Photographs: NO

Comments:

8:00 Arrived at Hampton Inn and met with Dr. Crawford.
I reviewed the project work plan.

8:20 Dr. Crawford briefed the oversight personnel on the
dye trace and potential problems.

8:45 The group broke off into two teams. The UST
interns went with Dr. Chris Groves and I accompanied Jim
Webster.

10:00 After setting the recovery vehicle up stream we
proceeded to the fair grounds to begin our inventory of
springs, etc.

1330 Exit Brown's Creek at Powell Ave.

1400 Greg Powell, (EPA) arrives and accompanies us to
Woodlawn Cemetery to look at several large springs.

1445 The group went to coordinate with Grassmere
officials and to look at Croft Spring.

1630 Off-site

Vehicle: S5-DR35 Mileage: 47
